Our summer programs offer children the opportunity to explore the out of doors while having fun in a relaxed, safe environment at Hilltop Farm. Participants will learn about nature, science, make friendships while building self-confidence under the guidance of scientists and teachers.

Programs are aligned with the STEM approach to the world.

## Our goals

- ❖ Promote an understanding and love of nature
- ❖ Advocate the wise use and preservation of natural resources
- ❖ Educate about the interrelationship of soils, water, plants, animals & people
